

Optimising Community Health: Practical Approaches to Skin, Continence and Wound Health

Webinar 1: Skin Integrity and holistic care

 Date: 9th July 2024
Time: 13:00 - 13:30 AEST

LEARNING OUTCOMES

- Recognise the importance and role of the skin, acid protection mantle and pH in skin integrity promotion.
- Learn the significance of early identification and reporting of skin breaks/injuries and how to effectively utilise skin care pathways.
- Understand how to implement a skin care regime for optimal quality of life.

Webinar 2: Continence Care

 Date: 16th July 2024
Time: 13:00 - 13:30 AEST

LEARNING OUTCOMES

- Understand the types and causes of incontinence.
- Gain insight into continence promotion principles from a holistic and person-centred care approach, including selecting the right style, size and absorbency of continence aid, and application techniques.
- Identify the causes and contributing factors of Incontinence Associated Dermatitis (IAD) and pelvic region skin injuries, and learn how to avoid such injuries with the right skin care regime.

Webinar 3: Wound Care

 Date: 23rd July 2024
Time: 13:00 - 13:30 AEST

LEARNING OUTCOMES

- Identify the different types of wounds, including acute or chronic wounds.
- Explain the phases of wound healing and factors impacting the healing process.
- Apply the T.I.M.E. framework to guide dressing selection and streamline dressing selection.
- Recognise common wounds in the community, such as pressure injuries (PI) and skin tears, and use appropriate frameworks to guide dressing selection.
